Subject:- Sanction of an estimate for Rs 4,000/- for providing 3" sub main in Narasimharaja Road, Davangere Town.

In forwarding herewith an estimate amounting to Rs 4,000 of the above work, I have the honour to state that the Municipal Council at its meeting convened on 19-11-1941 has resolved that the estimate may be sanctioned and the work taken up during the next half year. The estimate has been scrutinised by the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore. The letter in original received from the President and enclosed herein explains the necessity for the work I therefore request that Government may be pleased to accord sanction to the estimate in

Draft to Govt — The estimate was prepared in the year 1941 & perhaps requires to be revised in the light of the prices prevailing under "market" conditions. The Director of Public Health to furnish a statement of the estimate in question does not need to be revised according to the current prices or if it may be approved and sanctioned

The D C Chittaranjan has originally submitted an estimate for Rs 4000/- for providing new mains in Nanasankara Road, Dawanpur Town and the ~~was~~ estimate was revised to Rs 5175/- by the Director of public Health, as per current market rates

The Dawanpur Mel el are agreeable to the estimate of Rs 5175/- as revised by the Health Dept and they proposed that 1/2 of the cost may be met by Govt, as grant but the D C insists that the entire cost may be viewed to be met out of the Mel funds, as the ~~tot~~ Mel el is expected to get a return by giving house connections in the locality

In the circumstance a draft to sanctioning an estimate for Rs 5175/- for the above work is submitted for orders, the entire cost being met by the Mel el from out of their funds.

Re Sanction of an estimate of Rs 4,000/- for providing 3" sub main in Narasimharaja Raod from Mandapet to Betur road at Davangere.

I have the honour to submit herewith an estimate on the above subject, amounting to Rs 4,000/- duly scrutinised by the Sanitary Engineer for obtaining Government sanction. No sub main has been laid out in this locality, eversince the introduction of the water supply scheme to this town. There are a good number of houses demanding private connections. If this sub main is laid out, not only will the private connections increase which means additional revenue but the Municipal Council can ensure satisfactory supply of water to the clamouring public of the locality.

I request you once again kindly to treat the matter as urgent and obtain sanction of Government to undertake the work.

I have the honour to be,
